South Oregon Gladiolus Co. — Sold out 1933 crop

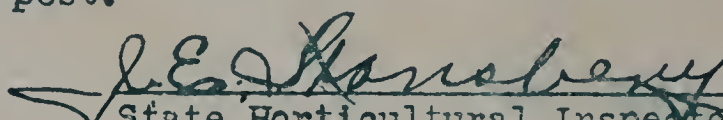

REMEMBER THIS!

Gladiolus offered herein are free from that most feared pest, Thrips. In accord with the following copy of inspection certificate, our fields have been especially inspected for this pest and a copy of this certificate will accompany each shipment to insure prompt delivery to you.

Grants Pass, Oregon.
November 2, 1933.

To Whom it may concern:-

After careful and repeated inspection of the Gladiolus crop in the Grants Pass District throughout the growing and harvesting season, giving especial attention to any indication of the presence of the Gladiolus Thrips, I have failed to find any trace of this pest anywhere in this district, and I can say that at this time this county (Josephine) is to the best of my knowledge and belief free from this pest.
